KEEPING MATCH OFFICIALS

I am very interested in what you think of the Club in the way that it treats you as a match official. I cannot promise to fix things by the time of your next visit but your comments are valued and will help us to get it done properly here at Havant. You may give the form to Adam King (Director of Rugby) upstairs, leave it here or post it to me at the Club as you wish.

What happens at Havant RFC that makes you feel valued as a match official?

What happens at Havant RFC that makes you feel under valued as a match official?

What could the Club do to improve things?
